

## Fire safety requirements

Detailed fire safety notices are displayed at either end of the main hall. It is essential that they are read and especially that:

- **Everyone** knows what to do in case of fire.
- **All** outside doors are left unlocked when in residence and are secured at night only by a sliding bolt.
- **Smoking** does **not** take place inside the buildings, in the corridor nor under the verandah.
- **Candles and night lights** must not be used.

The party leader is responsible for ensuring that these requirements are implemented.

## Insurance requirements

It is essential that the party leader arranges insurance to cover all members of their party, unless already covered by group insurance.

Recognised organisations may already have annual insurance that covers the members of the group. This must be verified by the party leader, who is also responsible for obtaining insurance for any members of the group not covered by such insurance.

## Cleaning requirements

To keep our costs down **we do not employ a cleaner**. We therefore rely on you to leave the centre as you would wish to find it.

## Further essential information

Party leaders must read and bring with them a copy of the *Essential Information for Hirers* booklet, downloadable from our web site.
